

S&P/BMV Indices Float Methodology Consultation Results

MEXICO CITY, NOVEMBER 10, 2017: S&P Dow Jones Indices has conducted a consultation with members of the investment community on potential changes to the S&P/BMV Indices.

Effective with the September 2018 rebalancing, all S&P/BMV Indices will employ S&P Dow Jones Indices' standard float adjustment methodology. The 2018 float information will be used for component selection for all S&P/BMV Indices beginning with those indices rebalancing in September 2018. The table below details key dates related to this methodology change and its implementation with the September 2018 rebalancing.

Dates	Key Events
September 7, 2018	S&P Dow Jones Indices will release the 2018 float information for the S&P/BMV Indices. Rebalancing results will be announced for the S&P/BMV IPC after the market close.
September 14, 2018	Rebalancing results for all remaining S&P/BMV Indices will be announced after the market close.
September 24, 2018	Rebalancing changes will become effective prior to the market open.

Please note that the methodology located on S&P Dow Jones Indices' website (www.spdji.com) is being updated to reflect this change.

ABOUT S&P DOW JONES INDICES

S&P Dow Jones Indices is the largest global resource for essential index-based concepts, data and research, and home to iconic financial market indicators, such as the S&P 500[®] and the Dow Jones Industrial Average[®]. More assets are invested in products based on our indices than products based on indices from any other provider in the world. Since Charles Dow invented the first index in 1884, S&P DJI has become home to over 1,000,000 indices across the spectrum of asset classes that have helped define the way investors measure and trade the markets.

S&P Dow Jones Indices is a division of S&P Global (NYSE: SPGI), which provides essential intelligence for individuals, companies and governments to make decisions with confidence. For more information, visit www.spdji.com.
