

Mexico City, November 8th, 2016

BOLSA MEXICANA DE VALORES, S.A.B. DE C.V INFORMS: Methodology Changes to the BMV Rentable, BMV Fibras and Economic Activity Indices.

BMV Rentable

- The expected effective date for these changes is March 20, 2017.
- The annual rebalance schedule will change from being effective after the close on the last business day of November to the third Friday in March. The new rebalance reference date will be the last business day of February. In addition, the index will be re-weighted after the market close on the third Friday of June, September and December.
- Components will be deleted at each rebalance or reweighting if they eliminate their dividend.
- The new weighting criteria will be based on a 5 year average income = (Rolling average 5 year dividends * shares outstanding * float factor).

BMV FIBRAS

- Newly listed FIBRAS will only be added to the index at the rebalance if they satisfy the 3 month minimum trading history requirement.

BMV Economic Activity

- The expected effective date for these changes is June 19, 2017.
- The annual rebalance schedule will change from being effective after the close on the last business day of May to the third Friday in June. The new rebalance reference date will be the last business day of May. In addition, the index will be re-weighted after the market close on the third Friday of March, September and December.
- Ongoing reviews of the companies' industry classification may result in a company moving from one index to another. These changes will only be considered during the rebalance.
- The indices with a minimum number of 10 stocks will have a stock weight cap of 12% at rebalancing. The indices will continue to cap the top 5 stocks at 60%.
- For indices with less than 10 stocks, there weighting will be based on each stock's float adjusted market cap with no caps.
- The index committee reserves the right to change the thresholds for capping limits as market conditions require it.

The information herein contained does not guarantee the future behavior of the values mentioned, nor it constitutes buy / sell advice. Mexican Stock Exchange will not take any responsibility on the use given to this information, nor the decisions made based on it.
