

The Mexican Stock Exchange (BMV Group) Joins IPC's Rapidly Growing Global Marketplace

- *IPC is a leading company in Technology and Financial Services*

MEXICO CITY and NEW YORK CITY – September 7, 2017 – IPC Systems Inc., a leading global provider of secure, compliant communications and networking solutions for the financial markets community and the Mexican Stock Exchange, a leading exchange in Latin America with daily trading volumes over than 800 million USD announced today that they continue their expansion into the global marketplace with the addition of the Market Data services for the Equity and Derivatives markets.

“The current and potential customers can now take advantage of our presence, by getting access to the latest Market Data feed, which enables greater efficiency and decreases the latency in the delivery of information. For us, becoming a part of IPC’s ecosystem represents an important step, as it provides market participants reliable and secure access and opens the possibility for a larger number of financial institutions to trade equities and derivatives in the Mexican market, all while supporting the strategy to further expand our global presence.” said Mr. José Manuel Allende, Senior Vice President Issuers and Information at BMV Group.

“We are thrilled to welcome the Mexican Stock Exchange, a leading exchange in Latin America, to our financial marketplace,” said Mr. David Brown, Senior Vice President and Managing Director, Financial Markets Network at IPC. “Our community of over 6,000 institutional investors, asset managers, hedge funds and broker-dealers can now gain access to the market data to trade in Mexico in support of their investment goals.”

The IPC Financial Markets Network portfolio includes data connectivity solutions consisting of the Connexus Extranet, Connexus Ethernet and Connexus WAN as well as voice solutions consisting of Connexus Voice and Trader Voice services. IPC’s Financial Markets Network interconnects global financial centers and enables access to more than 6,000 market participant locations across 700 cities in more than 60 countries.
