

## PRESS RELEASE

### **The Mexican Stock Exchange (BMV Group) and GuavaTech, Inc.** Announced an agreement that will provide clients with direct access to BMV's Equity and Derivatives markets.

**MEXICO CITY and NEW YORK CITY – 3/03/2020**– GuavaTech, a Managed Service Provider specializing in the financial services industry, and the Mexican Stock Exchange (BMV Group), a leading Latin American exchange, are pleased to announce an agreement offering BMV's market data through GuavaTech at the Equinix NY5 datacenter. This agreement will provide clients with direct access to BMV's equity and derivatives markets in a managed environment.

“Customers of BMV can now take advantage of the access to the latest Market Data feeds, enabling efficiency and decreasing latency in the access to our real time information. Becoming part of GuavaTech's global network provides market participants reliable and secure access and opens alternatives for a larger number of financial institutions to trade equities and derivatives in the Mexican markets.” said Mr. José Manuel Allende, Senior Vice President Issuers and Information at BMV Group.

“With the demand for BMV connectivity ever-increasing, we are pleased to offer access directly in partnership with the exchange,” said Mike Pappas, GuavaTech's Senior Vice President of Business Development. “GuavaTech can provide low-latency access to BMV markets with a customized, tailor-made infrastructure based on the needs of each client. We look forward to providing access to this growing, in-demand market.” GuavaTech can offer rackspace at KIO5 for BMV and MexDer Members and/or Vendors who want to connect to the BMV and MexDer via Co-Location.
