

GENTERA informs the actions taken by S&P Global Ratings over Banco Compartamos' ratings.

Mexico City, April 14, 2020 – GENTERA S.A.B. de C.V. (BMV: GENTERA*) informs that **Banco Compartamos S.A. I.B.M.**, GENTERA's main subsidiary, was ratified in its annual review on its National Scale Rating and on its Global Scale by **S&P Global**, maintaining the 'Negative' outlook.

S&P Global Ratings made the following actions in Banco Compartamos' ratings:

- Affirmed its Global Scale at 'BBB-/Negative/A-3'
- Affirmed its National Scale at 'mxA-1+'
- Affirmed the National Scale issue-level rating on Banco Compartamos' senior unsecured debt at 'mxA-1+'

S&P Global Ratings issued a press release today, which stated among other things, the following:

".....The ratings on Compartamos reflect its leading position in Mexico's microfinance sector, fragmented customer base, and wide geographical footprint. In our opinion, these factors could somehow mitigate the ill consequences of Mexico's recession and global health crisis. We still view Compartamos' above-average profitability and RAC levels as credit strengths. However, we expect its profitability to fall because of the deteriorating quality of its loan book in 2020..."

Company Description

Note on Forward-Looking Statements

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, Company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the Company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
