## COVID-19 Update

### Rotoplas operations status update

Grupo Rotoplas S.A.B. de C.V. (BMV: AGUA) ("Rotoplas" or "the Company"), the leading water solutions company in the Americas, communicates the update on the status of its operations after resuming operations in Peru and in some distribution centers in Central America.

Country or Region	Manufacturing plant and/or distribution center
Mexico	Continuous operations
Argentina	Continuous operations in the water storage and water flow plants. Limited operation in the water improvement plant according to health protocols
United States	Regular operation of the e-commerce platform
Peru	Continuous operations
Central America	Plant in Guatemala maintains continuous operations Distribution centers in El Salvador and Honduras are already open while Costa Rica and Nicaragua are operating continuously

All activities with stakeholders such as training, loyalty plans, continuous development programs, collaborative innovation, among others, have been carried out on digital platforms.

Finally, administrative staff is kept working remotely and the operational staff adheres to strict health and safety protocols in the manufacturing plants and for field service operations.
