COVID-19 Update

Rotoplas operations status update during March

Grupo Rotoplas, S.A.B. de C.V. (BMV: AGUA*) ("Rotoplas" or "The Company"), the leading provider of water-solutions in the Americas, informs the update on the status of its operations during the month, period in which activities in all countries where it has presence were continuous. Also, in March, the new manufacturing plant in Nicaragua started production activities.

The administrative staff continues to work remotely. Rotoplas adheres to strict health and safety protocols to protect plant operations and field service personnel. All activities with members of the various stakeholders continue to be conducted virtually.
