

Update related to the acquisition of Equinor's assets in Vaca Muerta

Mexico City, February 19, 2026 – Vista Energy, S.A.B. de C.V. ("Vista") (NYSE: VIST on the New York Stock Exchange; BMV: VISTA on the Mexican Stock Exchange), announced today that, further to its press release dated February 2, 2026, it has received notification that the right of first refusal ("ROFR") held by Shell Argentina S.A. ("Shell Argentina") with respect to the 30% working interest in the Bandurria Sur block has been waived and will therefore not be exercised by said company.

Such waiver was one of the conditions precedent to close the Transaction described in the February 2, 2026, press release, whereby Vista and Vista Energy Argentina S.A.U ("Vista Argentina") have jointly acquired a 25.1% working interest in the Bandurria Sur block and a 35% interest in Bajo del Toro block.

As a result, the Transaction remains subject to antitrust approval from Chilean authorities, required in connection with the export of crude oil to Chile committed by Vista Argentina and Equinor Argentina S.A.U. Vista has already filed, jointly with Equinor, the relevant documents with the Fiscalía Nacional Económica (Chilean Antitrust authorities) on February 11, 2026, and expects the Transaction to close during Q2-2026.
