Mexico City, November 20th, 2026

Grupo Rotoplas requests the withdrawal of its credit rating from S&P National Ratings

Grupo Rotoplas, S.A.B. de C.V. (BMV: AGUA*) ("Rotoplas" or "The Company"), leader in water management solutions in the Americas, informs the investing public that, at the Company's request, S&P National Ratings withdrew on November 19th, 2026 its long-term national scale issuer credit rating of 'mxA+' with a stable outlook.

This action follows the withdrawal of the rating on the AGUA 17-2X certificates on June 19th, 2026, also at Rotoplas' request, as a result of the early redemption of 100% of the issuance.

In its press release, S&P National Ratings stated that, at the time of the withdrawal, its base-case scenario remained unchanged and in line with third quarter 2026 results. It highlighted that it expected adjusted leverage below 3x and positive cash flow generation over the next 12 months. It also noted that the refinancing of the certificates carried out in June supports the stability of Rotoplas' liquidity position in the short and medium term, reducing potential pressure on its capital structure.
