#### **Fibra Danhos**

We are a Mexican trust formed primarily to develop, own, lease, operate, and acquire iconic and premier-quality commercial real estate assets in Mexico. Our objective is to provide attractive risk-adjusted returns to holders of our CBFIs over the long-term through stable cash distributions and the appreciation of our properties. We will seek to maintain and grow a high-quality portfolio of properties, through our strong and unparalleled development capabilities and selective acquisitions of premier-quality and iconic properties. We consider properties to be iconic if they have the unique ability to transform the surrounding areas in which they are located, and we consider properties to be premier-quality if they are located in prime locations, were developed with high construction and design standards, feature quality tenants, report high occupancy rates and, in the case of retail properties, attract a high volume of visitors and sales per square meter.

#### **Comments from our CEO**

"At the end of the first semester, there is a climate of uncertainty and global economic slowdown that, together with several domestic affairs, has affected GDP growth, however, a solid macroeconomic framework prevails to face the challenges of the Mexican economy. Consumption has remained relatively stable, which together with the stabilization process of our most recent developments and the strength of our stabilized properties, has allowed our real estate portfolio to maintain growth trends on a real term basis.

I am pleased to report strong operating and financial results for the second quarter and on an accumulated basis for the first semester, which reverses the seasonal effects observed during the first quarter. Revenues and consolidated NOI grew 15.3% and 16% respectively, while NOI excluding key money amounted to 1,061.7 million pesos during 2Q19, 15.5% higher YOY. Based on an AFFO of Ps. 0.70 per CBFI with economic rights, which represents a 6.2% increase with respect to 2Q18, our Technical Committee approved a quarterly distribution of Ps. 0.61 per CBFI, which represents a 1.7% increase year over year. Non-distributed cash flow, which amounts to 112.5 million pesos in 2019, will be reserved to meet short-term debt maturities at year-end.

On extraordinary shareholders meeting held on July 5th, certain adjustments were approved to the consideration paid to the contributors of the commercial component of Toreo Parque Central and Torre Virreyes, resulting in a net issuance of 9.1 mm CBFls, represent 0.6% of outstanding CBFls. The adjustment process to determine the contribution value of these assets, which at the time were under development, was published on the Prospectus of the Initial Public Offering to better reflect their value according to their stabilized cash flow generation. Once the process was completed considering the best market practices, the adjustment was approved by our Technical Committee, resulting on a partial cancellation of CBFls for Toreo, and on a substantially lower issuance of CBFls for Torre Virreyes, thus aligning minority interests with those of the contributors.

Regarding our development pipeline, we restarted construction work at Parque Tepeyac with strict adherence to current regulation, becoming one of the most relevant projects in the metropolitan area of Mexico City, which will certainly contribute to trigger economic activity in Gustavo A. Madero borough. The revised construction work budget considers its completion by mid-year 2021, a total investment of 3.6 billion pesos and an important temporary and permanent workplace creation in its influence area.

Once again, I take the opportunity to thank our team of collaborators, advisors and shareholders for the trust placed in us for the achievement of these results. Current circumstances require maintaining discipline and efficiency in our operation, maintaining a clear long-term view and full confidence in our country."

## **Executive Summary**

Note: All capitalized terms are defined in the "Glossary" section of this document or the Fibra Danhos Prospectus.

- Total revenues totaled 1,439.8 million pesos while Net Operating Income (NOI) for the quarter reached 1,170.2 million pesos, an increase of 15.3% and 16.0% respectively against last year, which is mainly explained by a higher contribution from Parque Las Antenas and by operating efficiencies across the portfolio.
- NOI exc TAP (key money) reached 1,061.7 million pesos that represent 0.75 pesos per CBFI with economic rights. This figure
  compares with 919.5 million pesos in the same period of the previous year, which represented 0.67 pesos per CBFI with economic rights,
  increases of 15.5% and 13.5% respectively.
- Key money during the quarter, related mainly to Parque Delta and Parque Las Antenas amounted to 52.0 million pesos, 9.0% lower when compared to the 57.2 million pesos of the previous year.
- Net Income for the quarter decreased 55.8% compared to 2T18 due to accounting records, however this does not affect and is not related
  to cash flow generation, it a merely an accounting effect given that the incorporation of Parque Las Antenas was recognized in 2Q18.
- AFFO reached 990.8 million pesos during the quarter, representing 0.70 pesos per CBFI with economic rights, considering a cash
  payment of 43.6 million pesos, which represents 0.03 pesos per CBFI, and the release of economic rights to 4,347 million CBFIs in the
  period as consideration for the Advisory Fee.
- Advisory fee during the second quarter included 4.347 million CBFIS and 43.6 million pesos in cash. Cash payment of 28.1% of the Advisory Fee, derived on a lower number of CBFIs delivered for such purpose.
- Our Technical Committee approved a distribution of Ps. 0.61 per CBFI, an increase of 1.7% with respect to the distribution of 0.60 pesos during 2Q18. Payout ratio was 86.8% of AFFO during the quarter, while 131 million pesos were reserved to meet Danhos 16-2 bond maturity coming on December 2019.

- On an extraordinary shareholders meeting held on July 5th, certain adjustments were approved to the consideration paid to the contributors of the commercial component of Toreo Parque Central and Torre Virreyes, including, mainly (i) the cancellation of 7.3 million CBFIs issued for the payment of the commercial component of Toreo; and (ii) the issuance of 16.4 million CBFIs as additional payment for Torre Virreyes. The net issuance negotiated by our Technical Committee of 9.1 mm CBFIs, which represent 0.6% of outstanding CBFIs, better aligns minority interests with those of the original contributors.
- In Toreo Parque Central we have leased more than 94,200 sqm to date, representing 75% of the total office inventory and we are in the process of executing leases for 2,085 sqm. During the quarter, we leased 5,100 sqm.
- Flow of visitors in our retail portfolio reached 31.5 million during the quarter, an increase of 21% with respect to 2Q18. Same property occupancy posted a stable level of 98%.
- Parque Las Antenas reached an 86% occupation level and reported high traffic flows. Lease progress on GLA reached 86.7% considering executed agreements and almost 97.0% including LOIs and agreements in process of execution.
- Parque Puebla reached a 78.1% occupation level, and construction work continued for the Aquarium project. We reported a lease
  progress of 78.0% of GLA considering executed agreements and close to 87.0% including LOIs and lease agreements in process of
  execution.
- Construction work process continued for Parque Tepeyac. Construction work program is set to be ready by mid-year 2021 with an estimated investment of Ps. 3,600 mm, 50% corresponds to us.

#### 3.1 Operating revenue

**Total operating revenue:** Amounted to 1,439.8 million pesos in 2Q19, which represents an increase of 15.3% with respect to 2Q18. This increase is primarily due to the incorporation of Parque Las Antenas and Parque Puebla as well as same property revenue increases.

Total revenue breakdown	2Q19	2Q18	6M19	6M18
Base Rent	64.3%	65.7%	65.4%	66.5%

Maintenance, Operation, Advertising and Other	15.9%	15.4%	15.7%	15.0%
Total revenue	100.0%	100.0%	100.0%	100.0%

**Base Rent:** Amounted to 925.7 million pesos in 2Q19, which represents an increase of 12.8% with respect to 2Q18. In addition, the 2Q19 same property growth was 5.2%, primarily due to increases in rent per square meter in the Operating Portfolio (Leasing Spreads).

Monthly average Base Rent revenue per sqm reached 387.0 in 2Q19, which represents an annual increase of 2.9% with respect to the 376 pesos per sqm reported in 2Q18.

**Overage:** Amounted to 61.2 million pesos during 2Q19, which represents a variation of 37.9% with respect to 2Q18. This variation is mainly due to the incorporation and stabilization of properties incorporated to the Operating Portfolio, mainly Parque Las Antenas and Parque Puebla, as well as an increase In Tenant Sales if Toreo Parque Central and Vía Vallejo

Cash inflow from Tenant Admission Payments: We collected 52.0 million pesos during 2Q19 mainly from Parque Delta and Parque Las Antenas.

Accounting revenue from Tenant Admission Payments: Amounted to 108.5 million pesos in 2Q19 and represents an increase compared to the 89.7 million pesos reported in 2Q18, primarily because of the amortization of TAP's collected in prior periods in Parque Delta, Parque Puebla and Parque Las Antenas.

**Parking revenue:** Amounted to 115.8 million pesos during 2Q19, which represents an increase of 14.0% with respect to 2Q18. This performance is due to the incorporation of the parking spaces in Parque Las Antenas which did not contribute parking revenues in 2Q18 as well as an increase in parking tariffs.

Maintenance, operation, advertising and other revenue: Amounted to 228.5 million pesos in 2Q19, which represents an increase of 18.6% with respect to 2Q18.

## 3.2 Operating Expenses

**Operation, maintenance and advertising expenses:** Amounted to 200.4 million pesos in 2Q19, which represents an increase of 14.9% with respect to 2Q18. This variation is mainly due to the recognition of the expenses of the recently incorporated properties to our Operating Portfolio.

Advisory Fees and Leasing Administration Fees: Amounted to 155.0 and 26.5 million pesos in 2Q19, which represent variations of 2.8% and 11.3%, respectively, when compared to 2Q18. 4,346,818 CBFIs and 43.6 million pesos will be delivered to our Advisor in accordance with the Advisory agreement.

Issued CBFIs to be used for future advisory fee payments

From April 1<sup>st</sup> to June 30<sup>th</sup>, 2019 155,022,960.79 25.6421 111,461,508.81 4,346,818 43,561,451.98 76,227,376 8,822,624

In accordance with the Advisory Agreement, for the Advisory's payment for the 2Q19, the unit value for the CBFI was determined as the volume weighted average of the daily trading price from April 1<sup>st</sup>, 2019 to June 30<sup>th</sup>, 2019. During 2Q19, the Advisory Fee amounted to 13.25% of our Net Operating Income while in 2Q18 it represented 14.94%.

**Property Tax and Insurance:** Amounted to 33.6 million pesos and 8.9 million pesos, which represent variations of 11.4% and -19.8%, respectively, with respect to 2Q18.

In the case of property taxes, the variation is mainly due, on one hand, to the increase in assets for the base for the calculation and, on the other hand, for adjustments in the calculation in Parque Lindavista and Parque Tezontle, were we were able to achieve a reduced rate by complying with certain environmental milestones.

In the case of insurance, the variation is due to the fact that at the end of 2Q19 the amortization of the insurance against a fire in each one of the places is not yet contemplated. The cumulative increase during the first half of 2019 was 12.3% compared to the first half of 2018.

**Administrative Expenses:** Amounted to 30.1 million pesos, which represents a decrease of -9.1% compared to 2Q18. This decrease is mainly due to certain administrative expenses related to our debt issuances including fees of the rating agencies, annual listing commissions that are being amortized during 2019.

## 3.3 NOI, EBITDA, Net Income, FFO and AFFO

**Net Operating Income:** Amounted to 1,170.2 million pesos in 2Q19, which represents an increase of 16.0% with respect to 2Q18, this increase is mainly explained to the incorporation of Parque Las Antenas, Parque Puebla, as well as a same property NOI increase of 4.9%.

**EBITDA**: Amounted to 985.1 million pesos in 2Q19, which represents an increase of 19.4%. The EBITDA margin was 68.4%, higher than the 66.1% margin reported in 2Q18.

Net Income, FFO and AFFO: Amounted to 778.9 million pesos, 898.7 million pesos, and 990.8 million pesos, respectively, in 2Q19. Fibra Danhos reached an AFFO of 990.8 million pesos, which represent an AFFO per CBFI with economic rights of 0.7030 pesos and represents and 6.2%

increment with respect to 2Q18. Our distribution per CBFI with economic rights for the quarter is 0.61 pesos per CBFI, increasing 1.7% with respect to the distribution of 2Q18.

#### 3.4 Debt

We will seek to pay the DANHOS16-2 bond in December 2019 with treasury resources and, if necessary, we will complement these resources with the revolving line of credit. We will seek to reduce our leverage of 10% (total debt / total assets) to levels of 8.5% in the short term. Our next debt maturities are scheduled for July 2026 (DANHOS16) and July 2027 (DANHOS17), which gives us flexibility in the maturity profile.

- 1. DANHOS 16: 3,000,000,000.00 (three billion 00/100 Mexican pesos) with a fixed nominal rate issued for a 10-year period with a 7.80% coupon rate (Mexican 10-year bond yield + 185 basis points).
- 2. DANHOS 16-2: 1,000,000,000.00 (one billion 00/100 Mexican pesos) with a floating rate issued for a 3.5-year period with a TIIE28 + 65 basis points coupon rate.
- 3. DANHOS 17: 2,500,000,000.00 (two thousand five hundred million 00/100 Mexican pesos) with a fixed nominal rate issued for a 10-year period with an 8.54% coupon rate (Mexican 10-year bond yield + 169 basis points).

#### 4. Operating Indicators

Note: All terms in capital letters are defined in section "Glossary" of this document or in the Offering Memorandum of Fibra Danhos.

## 4.1 Tenant Sales (same properties and total properties)

Our most significant institutional retail tenants in terms of GLA and Fixed Rent that reported sales by contractual obligation ("Tenant Sales") represented approximately 58% of our retail GLA in the Current Operating Portfolio during 2Q19. Tenant Sales (same properties) in 2Q19 increased 4.7% with respect to 2Q18. This increase compares against the 4.8% growth recorded in same store sales (department stores) by the Asociación Nacional de Tiendas Departamentales y de Autoservicio ("ANTAD") and association comprised of a broad range of retail chains and department stores. Tenant sales (total properties) rose 14.2% with respect to 2Q18.

The increase in the Sales of Tenants (total properties) is mainly explained by the incorporation of the sales of Parque Antenas and Parque Puebla, to the Operating Portfolio. During the first six months of 2019, Tenant Sales (total properties) increased 21% with respect to 6M18.

Toreo Parque Central, Vía Vallejo and Parque Delta show strong increases mainly due to the incorporation of new tenants as well as an increase in foot traffic. During the first six months of 2019, Tenant Sales (same properties) increased 4.1% with respect to 6M18, adjusting for the -0.7% variation in sales observed in 1Q19 as easter was held in April during 2019.

Some of our tenants in the sporting goods business experienced a decrease of sales year over year given that the FIFA world cup has a strong sales effect and was held in 2Q18 (this is the case for Parque Alameda).

#### **4.2 Tenant Diversification**

The following chart shows the distribution of GLA by type of business of our tenants as of June 30, 2019:

<sup>(1)</sup> Some contracts begin when the leasable area is given to the tenant, which might be different from the date the lease contract is signed;

As of June 30, 2019, the GLA-weighted average remaining life of the lease agreements in the properties of our Current Operating Portfolio was approximately 5.0 years. The GLA-weighted average remaining life of the lease agreements for the retail, office and mixed-use properties in our Operating Portfolio was approximately 5.0, 4.4 and 5.2 years, respectively.

The Lease Spread (compares in a given period of time the price per sqm of Fixed Rent of the renewed and new lease agreements with respect to the price per sqm of the expired and terminated lease agreements in the same period of time) in 2Q19 was 6.9% for the properties of our Current Operating Portfolio and 7.1% for the retail properties and retail components of the mixed-use properties in our Currently Operating Portfolio.

Lease Spread	2Q18	3Q18	4Q18	1Q19	2Q19
Operating Portfolio	5.6%	5.0%	5.8%	8.0%	6.9%
Retail properties and mixed-use retail components	9.4%	7.6%	6.6%	7.9%	7.1%

The Lease Spread of the Current Operating Portfolio in 2Q19 was calculated over 11,218 sqm. The Lease Spread of the retail properties and mixed-use properties in 2Q18 was calculated over 10,836 sqm.

We observed important leasing spreads in Reforma 222, Parque Tezontle, Parque Duraznos, Parque Toreo, Parque Delta and Parque Tezontle with increases between 7-14%.

this might result in an effective date of the lease termination and that disclosed in the contract.

<sup>(2)</sup> Refers to the leasable area

<sup>(3)</sup> Lease contracts that are generating rent event though the ending date shown in it, is prior to June 30 2019.

<sup>(4)</sup> Annualized rent means the contractual Base Rent as of June 30, 2019 times 12.

# 4.4. Leasing progress

In Toreo Parque Central we have leased more than 94,200 sqm to date, representing 75% of the total office inventory and we are in the process of executing leases for 2,085 sqm. We perceive interest in the property, which is reflected in letters of intent for an additional 7,214 sqm.

#### 6. Current Development Portfolio and Growth Plan

We have fulfilled 100% of the development commitments made during our IPO and have drastically reduced development risk for the Fibra. To date, only 4% our Portfolio is under development where as 96% is under operation and stabilization. We have started pre-construction work in Parque Tepeyac. We have more than tripled the GLA of our Initial Operating Portfolio 3.3 times and have added more than 500,000 square meters of premier quality GLA since October 2013.

## **Expected GLA evolution (operation vs. development)**

Fibra Danhos	2013	2014	2015	2016	2018	2019e	2019e	2021e
Operating Portfolio	45%	49%	60%	79%	88%	96%	96%	100%

The GLA shown in the table above is the total estimated GLA of the Current Operating Portfolio at the end of every year.

#### 6.1 Parque Tepeyac – Expected opening date (Phase I): 2021

In the Technical Committee session held on July 21, 2016, Fibra Danhos' participation in a new mixed-use development in the northeast area of Mexico City was approved. The area is heavily populated and with residential and commercial vocation. On December 21, 2017, we executed a binding partnership agreement with unrelated third parties to participate in the development of a shopping and entertainment center in the northeast of Mexico City called Parque Tepeyac. The participation of Fibra Danhos in the project is 50%.

The project will be developed in several plots of land with a total combined area of approximately 51,700 sqm. Fibra Danhos will be in charge of the design, construction, marketing and operation of the project. We also executed an investment agreement with the Liverpool department store in order for it to join the project as an anchor store and we have executed an agreement with a cinema chain for their participation. We are in talks with sub-anchors and other concepts for their incorporation into the project.

The activity of agency windows in CDMX has restarted after a temporary shutdown and we obtained the necessary permits and licenses for Parque Tepeyac, we have resumed the works. About 3,000 temporary work places will be generated and once completed, 4,000 permanent places will be created.

The estimated total commercial area of the project will be approximately 108,000 sqm, including anchor stores and the gross leasable area of Fibra Danhos (50%) will be approximately 35,000 sqm. The estimated net investment of Fibra Danhos will be approximately 1.8 billion pesos, including land. Parque Tepeyac has the necessary urban and environmental impact studies and has its construction rights paid.

#### 7. Glossary

Adjusted Funds From Operations (AFFO): Result of adjusting FFO by adding or subtracting, as applicable, the following items: (i) subtracting capital expenditures to maintain and improve the quality of assets; (ii) net Tenant Admission Payments, which are composed of Tenant Admission Payments collected in the current period that are unearned and Tenant Admission Payments collected in prior periods accrued in the current period; (iii) net rents collected in advance, which are composed of rents collected in advance in the current period that are unearned and rents collected in advance in prior periods that are accrued in the current period; (iv) net Leasing and net Advisory Fees accrued, which are composed of Leasing and Advisory Fees accrued in advance, Leasing and Advisory Fees accrued in the current period that remain unpaid and Leasing and Advisory Fees from previous periods; (v) adjusting for the straight-line effect (effect of recognizing the amounts of Base Rent, proportionately in straight line throughout the term of lease agreements, no matter the payment method agreed upon with the tenant); (vi) net Property Tax and Insurance expenses, which are composed of un-accrued Property Tax and Insurance expenses from the current period and Property Tax and Insurance expenses that correspond to previous periods. AFFO is a measure of the capacity to generate cash flows.

Base rent: Minimum fixed rent payable by tenants as determined in the lease agreement.

**Delinquency Rate:** Rental payment delayed beyond 60 days. When it is presented as a percentage, Delinquency Rate is rental payment delayed beyond 60 days as a percentage of annualized Base Rent of the respective period.

**Current Development Portfolio:** Means the properties and components of properties that are currently under development and/or conclusive phase. (Parque Tepeyac).

Current Operating Portfolio: Means, collectively, the properties that are part of the Initial Operating Portfolio, the retail component of Toreo Parque Central and Torre Virreyes. (Parque Alameda, Parque Delta, Parque Duraznos, Parque Esmeralda, Parque Las Antenas, Parque Lindavista, Reforma 222, Parque Puebla, Parque Tezontle, retail component of Toreo Parque Central, office towers A, B & C of Toreo Parque Central, the hotel in Toreo Parque Vía Vallejo, Urbitec and Parque Virreyes.)

**EBITDA:** Earnings before interests, taxes, depreciation and amortization. In the case of pro forma financial information of the 9 properties in our Operating Portfolio, the Advisory Fee is subtracted from revenues to calculate EBITDA. In the case of financial information of Fibra Danhos, the Advisory Fee and professional fees to fourth parties, if any, are subtracted from revenues to calculate EBITDA. In any case, EBITDA is calculated before any adjustments relating to changes in the market value of assets reflected in results.

Economic Rights: Rights of CBFI holders to receive cash distributions, pursuant to the legal documents of Fibra Danhos' IPO.

**Funds From Operations (FFO):** As applicable, the result of adding to or subtracting from Net Income adjustments relating to negative or positive changes, respectively, in the market value of assets reflected in results.

Initial Development Portfolio: Means the two properties that were contributed to the Trust for its IPO. (Toreo Parque Central and Torre Virreyes)

Initial Operating Portfolio: Means the nine properties that were contributed to the Trust for its IPO. (Parque Alameda, Parque Delta, Parque Duraznos, Parque Esmeralda, Parque Lindavista, Reforma 222, Parque Tezontle, Urbitec and Parque Virreyes.)

**Lease Spread:** Compares in a given period of time the price per sqm of Fixed Rent of the renewed and new lease agreements with respect to the price per sqm of the expired and terminated lease agreements in the same period of time

**Net Income:** Result of (i) subtracting from operating revenues (Base Rent, Overage Rent, Tenant Admission Payments, parking revenues, and maintenance, operation, advertising and other revenues) operation and maintenance expenses; property taxes; insurance; Advisory Fee; Leasing Administration Fee; professional fees to fourth parties; net financial revenues/expenses; taxes attributable to the Management Subsidiary; and (ii) adding or subtracting, as applicable, any adjustments relating to changes in the market value of assets reflected in results.

**Net Operating Income:** Calculated by subtracting operating expenses of the properties (excluding net financial revenues/expenses and the Advisory Fee) from operating revenues of the properties.

**Occupancy Cost:** In the case of those retail tenants who are the most significant in terms of GLA and Fixed Rent, cost incurred associated to occupying a premise, which consists of Base Rent, Overage Rent and common area maintenance and advertising fees, expressed as a percentage of the corresponding Tenant Sales.

Overage Rent: The difference paid as rent (when positive), between Base Rent and the rent consisting of a percentage of Tenant Sales, as determined in the lease agreements of retail spaces.

Renewal Rate: Result of dividing the gross leasable area of premises that were renewed, by the total gross leasable area of the portfolio.

**Rent loss:** Rental payment delayed beyond 180 days. When it is presented as a percentage, Rental Loss is rental payment delayed beyond 180 days as a percentage of annualized Base Rent of the respective period.

**Tenant Admission Payments:** A one-time non-reimbursable payment made to us by some entering tenants in our retail properties and in the retail components of our mixed-use properties. Tenant Admission Payments are usually received at the time of leasing new space or when an expiring lease agreement is not renewed and the corresponding premise is leased to a new entering tenant.

**Tenant Sales:** Sales generated in the leased premises in a given period for those retail tenants who are the most significant in terms of GLA and Fixed Rent and have a contractual obligation to report sales under their lease agreements.
