

ANNOUNCEMENT REGARDING COVID-19

Mexico City, March 13th, 2020

Fibra Danhos (BMV:DANHOS13): To the investing community, clients and visitors:

The health and safety of our customers, employees, and community is always our top priority. Therefore, we are closely monitoring both the progression of the coronavirus (COVID-19) and the recommended preventive measures.

In addition to our regular cleaning practices, we are taking the following steps in our shopping centers and office buildings:

- We have increased the frequency and intensity of our cleaning service, with special attention to high-contact areas, including access and registration points, elevators and stairs, railings, bathrooms, play areas and dining areas, among others.
- We are reinforcing our hygiene measures inside the buildings by enabling antibacterial gel dispensers and we have paramedic and ambulance service in all of our shopping centers.
- We are in constant contact with local health authorities and will continue to respond to new developments accordingly.
- We are implementing an advertising campaign in our shopping malls to reinforce the preventive measures that each of us must take to help limit the spread of COVID-19.

We will continue to monitor any changes in guidelines issued by local public health authorities. Meanwhile, our shopping centers and office buildings remain open.
