

Mexico City, April 24th, 2019.

Leadership Changes

Grupo Rotoplas, S.A.B. de C.V. (BMV: AGUA) ("Rotoplas" or the "Company"), the leading provider of water solutions in the Americas, announces that, in order to ensure its continued development in the long-term and as part of its executive leadership succession plan, the Company's Board of Directors has unanimously approved the appointment of Carlos Rojas Aboumrad as CEO, effective May 1st, 2019.

Carlos Rojas Mota Velasco will continue to serve as Executive Chairman of the Board and will continue to be involved in the development of the Company's business strategy.

"I am confident that Charlie, as many of you know him, has the necessary leadership, experience and expertise to carry on with this great story we have been building for the past 30 years.

I am sure that he will remain faithful to our mission and purpose: to provide "more and better water" through our values and capabilities and the relationships we have built with our shareholders, customers, suppliers and stakeholders.

I want to thank all of you for your support and shared knowledge throughout this time and I wish the greatest success for Rotoplas in this new stage." Carlos Rojas Mota Velasco, Executive Chairman of the Board.

Carlos Rojas Aboumrad is the current Vice-president of Solutions with Services. He will be succeeded by Juan Pablo Fonseca Ruiz, current Director of Solutions with Services in Mexico and Central America.

Executive Bios:

- Carlos Rojas Aboumrad has over 12 years experience in Grupo Rotoplas in Mexico, Brazil and the United States. He has been one of the leading proponents of innovation and sustainability in the Company. Carlos has a degree in Industrial Engineering from the Instituto Tecnológico y de Estudios Superiores de Monterrey (ITESM) and an MBA from Babson College.
- Juan Pablo Fonseca is a founding partner of Sytesa, a water-treatment and recycling enterprise acquired by Grupo Rotoplas in August 2016, after which he joined the Company. Juan Pablo has a degree in Industrial Engineering from the ITESM and attended the Harvard Business School's OPM Program.
