AGUA Event 2019

Grupo Rotoplas, S.A.B. de C.V. (BMV: AGUA) ("Rotoplas" or the "Company"), the leading provider of water solutions in the Americas, announces that yesterday the AGUA Event was held in its corporate offices. This event was attended by members of all its stakeholders groups and relevant matters to the company were discussed. The topics were the following:

1. The process of evolution that Grupo Rotoplas has had since its inception and the recent change of leadership with Carlos Rojas Aboumrad as CEO.
2. The financial results of the Group.
3. The changes within the Board of Directors that achieve greater independence and diversity.
4. The Sustainability Strategy and the ESG results of the Company.
5. The impact of the products commercialized by Rotoplas was discussed and the new environmental cards (water footprint and carbon footprint) were presented.
6. The focus and strategic plan of the Company to foster customer centricity and always keep it as focal point of the organization.
7. The positioning and strategy of the Company in each country of the region and the products it offers.
8. Residential, commercial and institutional drinking water service platform and the strategy the Group follows to improve it. In addition, the presence and services offered in each of the countries of the region were presented.
9. The platform "bebbia" was presented, which offers reliable, unlimited drinking water services in a practical way through a monthly subscription.
10. Carlos Rojas Aboumrad, new CEO of the Group, spoke about the new plans that the company will follow hand in hand with all its stakeholders.
11. The problem of water, the consequences it has on society and the environment and the ways in which Rotoplas seeks to solve them.

The presentation that was shown during the event is available in the following link:
