During the first quarter of 2022 (1Q22), **BMV Group's revenues** increased by 167 million pesos compared with the same quarter of 2021 (1Q21) mainly due to higher transactional revenues, new clients in information services and non-recurring concepts in Indeval and SIF ICAP. **Expenses** decreased by 6 million pesos or 1% in comparison with 1Q21, mainly explained by lower personnel costs. **EBITDA** increased 30% and **EBITDA** margin was 66% for the quarter. **Net Income** was 479 million pesos, showing a 26% increase compared to 1Q21.

Maintenance fees

The maintenance fees were 113 million pesos for the first quarter of 2022, 2 million or 1% below 1Q21. This result is explained by lower listings last year and early debt amortizations, which do not generate maintenance fees starting 2022.

Central Securities Depository

Revenue in **Indeval** increased 31% or 95 million pesos to 407 million for the first quarter of 2022. It is important to highlight a non-recurring entry of 97 million pesos for the prescription of liabilities in one of Indeval's dollar accounts. In the future we do not expect to report additional revenue from the prescription of liabilities. Excluding this concept, Indeval recorded a similar revenue to that of the first quarter of 2021.

The average value of the assets under custody increased 8% and 13% in the local and global market (International Quotation System - SIC), respectively. On the other hand, services related to the global market - SIC (cross-border transactions/dividends/formats) registered lower revenue compared to 1Q21 due to the lower volatility in the peso/dollar exchange rate where brokers did not need to perform as many cross-border transactions and unusual movements in some securities (i.e. GameStop) during the first quarter of last year.

Market Data revenues increased by 17% or 19 million pesos to 132 million in the first quarter of 2022 due to sales with new international clients, growth in the number of terminals for retail investors, new services and reference data products, and fee increments. EXPENSES

Total expenses for the first quarter of 2022 were 449 million pesos, 6 million or 1% lower than to the first quarter of 2021.

This increment is explained by the following items:

- a) Personnel decreased 12 million pesos because of the corporate restructuring in June 2021. The expense in 1Q22 was 217 million pesos and it includes annual salary increments.
- b) Rent and Maintenance up 1 million pesos due to higher expenses in BMV's building as personnel returns to the office.
- c) **Consulting Fees** were up 5 million pesos because of information security services for the Security Operation Center (SOC) and the segregation of Post-trade's infrastructure.
- d) CNBV increased 600 thousand pesos or 7%, in line with the inflation rate reported by INEGI.
- e) Others decreased 1 million pesos due to a lower provision for the option to purchase the remaining shares of SIF ICAP Chile since the period got extended to 2027.
