DSM's dividend policy is to provide a stable and preferably rising dividend. Reflecting its confidence in the financial performance of the company, DSM proposes to increase the dividend from EUR1.75 to EUR1.85 per ordinary share for 2017. This will be proposed to the Annual General Meeting of Shareholders to be held on 9 May 2018. An interim dividend of EUR0.58 per ordinary share having been paid in August 2017, the final dividend payment would then amount to EUR1.27 per ordinary share. The dividend will be payable in cash or in the form of ordinary shares at the option of the shareholder, with a maximum of 40PCT of the dividend amount available for stock dividend. If more than 40PCT of the dividend is requested by the shareholders to be paid in shares, those shareholders who have chosen to receive their dividend in shares will receive their stock dividend on a pro rata basis, the remainder being paid out in cash. Dividend in cash will be paid after deduction of 15PCT Dutch withholding tax.
